Agenda 47 | President Trump's Pledge to Homeschool Families

"As President, it was my honor to support America's homeschool families—and to protect the God-given right of every parent to be the steward of their children's education,..."

- He will do everything possible to support parents who make the courageous choice to homeschool their children.
- Under the Trump tax cuts, families were allowed to use 529 Education Savings Accounts to spend up to \$10,000 a year tax free on tuition for grades K through 12. This was a tremendous win for School Choice — very important, school choice — but, the 529 Education Savings Account benefit did not apply to homeschoolers.
- Donald Trump will immediately fight to allow homeschool parents the same, crucial benefit — \$10,000 a year per child, completely tax free, to spend on costs associated with homeschool education.
- He will work to ensure every homeschool family is entitled to full access to the benefits available to non-homeschooled students—including participating in athletic programs, clubs, after school activities, educational trips, and more.
- President Trump will champion ever homeschool family.

No other President has stood so strong for parent's rights and educational freedom.
