S O A R | SAVE OUR AMERICAN REPUBLIC

Agenda 47 | Ending the Nightmare of the Homeless, Drug Addicts, and Dangerously Deranged on American Streets (8/24/23)

“...We want to take care of them, but they have to be off our streets. There is nothing compassionate about letting these individuals live in filth and squalor rather than getting them the help they need. We need professionals to help them”.

- President Trump will work with states to ban urban camping, offering violators the option to either receive treatment and rehabilitation or face arrest.
- President Trump will open large parcels of inexpensive land, bring in doctors, psychiatrists, social workers, and drug rehab specialists, and create tent cities where the homeless can be relocated and their problems identified.
- President Trump will bring back mental facilities to house and rehabilitate those who are severely mentally ill or dangerously deranged with the goal of reintegrating those who can be treated, back into society.
- By ending the mass unskilled migration at our borders and ending the endless flow of American treasure to Ukraine, we will be able to provide the resources and opportunities needed to help America's homeless veterans, who are currently treated poorly.

President Trump will end the scourge of homelessness and make our cities clean, safe, and beautiful once again.

Scan to watch President Trump deliver short video messages identifying the problem and revealing his solutions.
